

## SCHOOL TEAMS WIN FROM ANTIGO

### Basket Ball Players From Railroad Town Too Slow For Our Students

Two teams representing Antigo High invaded our city on Friday last, and went home decisively defeated by the local teams.

The preliminary between the second teams of the two towns was a walk-away for Rhinelander, the final result being 33-2. All of the boys did good work; perhaps the basket shooting of Squier attracted most attention.

The result of the big game was apparent after the first few moments of play. Rumors had reached us of the wonderful brace taken by the Antigo team since the preceding Friday, but the results were not visible. The first half closed 31-4, and the second was a repetition of the first, the game ending 65-8.

Both games were refereed by Ray Sorenson, who has won many friends among players and students by his clever and impartial work.

The line-up was as follows:

Rhinelander	Antigo
McRae	L. F. Kingsbury
Cain	R. F. Wall
Frogner	C. McClellan
Danielson	R. G. Couch
Strope	L. G. Weaver
White	

H. Lewis, sub.  
Field goals—McRae 12, Frogner 12, Cain 1, Danielson 4, Strope 1, McClellan 2, Kingsbury 2.

Free throws—Frogner 1.

Fouls—Danielson 1, Cain 1, McClellan 1.

## NEW DRUG LAW NOW IN EFFECT

The new Federal Anti-narcotic law, commonly called the Harrison Bill, which went into effect on Monday, restricts the sale of opium or any compound manufactured salt, or derivative thereof. Druggists, physicians, dentists and veterinarians are affected by the new law. They cannot sell, dispense, distribute or give away opium, cocoa leaves or any derivative, except upon an order on a official blank furnished by the deputy internal revenue collector or upon the prescription of a physician who is registered under the act and the prescription must conform to the law and regulations, which are very strict. Every sale of these drugs has to be recorded and the prescription filed and kept for at least a period of two years, subject to the inspection of the deputy revenue collector. Failure to comply with any of the requirements of the act, upon conviction, is punishable with a fine not exceeding \$2,000 or imprisonment of not more than five years or both. So it behooves those affected by this law to sit up and take notice.

## P. O. EMPLOYEES WILL BENEFIT

The United States official postal guide for February contains the announcement that the recently passed postal regulation providing for full pay and leave of absence for postal employees who are injured in performance of their duty, is in effect. The new regulation applies to post office clerks, rural and city carriers, railway mail clerks and post office inspectors.

Should any of the above postal employees be forced to give up work because of injuries received in the line of duty the department will grant him a leave of absence with full pay.

The program was enjoyed by the students and a number of visitors, all the parts being well taken.

## FARMER'S COURSE FOR MINOCQUA

It has been decided to hold the annual Oneida County Farmers' Course at Minocqua this year. This course has formerly been held at Rhinelander, but since the northwestern part of the county is becoming so well settled, the people there will be given an opportunity to attend this three days farmers' meeting. The course this year will be an exceptionally strong one. Good men from the College of Agriculture will be on the program all three days. Train connections are such that Rhinelander people as well as people from other parts of the county can go to Minocqua, hear the full day's program and return that night. The farmers should turn out in great numbers to attend this course. The work will be of the most practical nature and no farmer living within a reasonable distance can afford to miss a single session. The date will be announced later.

### TO HAVE SUMMER COURSES

The one week's course in corn and grain growing, known as the young people's course in agriculture, which was postponed on account of the outbreaks of foot and mouth disease, will be held at the College of Agriculture of the University of Wisconsin during the week beginning June 21.

This will be at the time of the summer session, which is regularly attended by large numbers of teachers, who are interested in the teaching of agriculture to boys and girls. The work will be given under the direction of the field crops department, and many of the young folks in attendance will be holders of scholarships won last summer in local corn growing contests held in different sections of the state.

### WARM FEBRUARY

The month of February this year was the warmest February experienced in this section in twenty years. Only in a few instances was the zero mark touched during the entire month and the clear days were numerous. March started in with the wind, in the north and somewhat colder but with the sun getting higher each day the snow melts in the exposed places during the day regardless of the north blasts. Another week or ten days at the best is all the hauling weather foggers can hope to get on sleighs this season.

## GENERAL MEETING OF ADVANCEMENT ASSOCIATION

### Secretary Barstow Urges That All Members Attend—Organized Effort Will Accomplish Good Results

If you are a member of the Rhinelander Advancement Association or a citizen of the city of Rhinelander, it is your duty to attend the meeting next Monday evening at the City Hall. When you joined, you pledged your good word to work with your friends and neighbors for the interest and betterment of Rhinelander. It is your obligation as well as your privilege to so work, even though it is a little inconvenient for you to leave the comforts of your home to meet with your fellow citizens. You must remember that this organization is a community organization in which your voice counts just as much as any one's else and that the policy of the organization is determined by its members who take an active part in its affairs. If it does not suit you, or you feel that your interests are being neglected, whose fault is it, but yours?

There is not a more progressive body of men in northern Wisconsin of this organization and they are than is made up in the membership. eminently fair in all they do. In fact we have the best commercial organization, considering the size of our city to be found in northern Wisconsin. It is already a power for good, and it is steadily becoming

more powerful. New members have come in without solicitation and in a campaign that we will start before long, we expect to increase our membership materially.

The day of individualism is past. Business is now carried on by groups and the best organization, whether it is a railroad, a factory, a political party, or a business community wins the capital prizes. Cities that have no commercial organization are imposed upon. They cannot influence the powers that be for favors and in most instances are unable to obtain even their just rights, but with the business men and citizens all banded together they are heard and heeded. Organization is the pass word to progress. It is the power that makes the needs of the individual heard and satisfied.

Are you going to pay the game here in Rhinelander? Are you going to stand by your Advancement Association, so that the organization can stand by you? There is prosperity and plenty to be won by organization. There are rocks and sorrows to be experienced through desolation. Attend the meeting Monday night, whether you are a member, whether you are glad or mad, or indifferent. E. O. BARSTOW.

## SCHOOL LEVY FOR COMING YEAR

The regular monthly meeting of the Board of School Commissioners was held on Monday evening. The only business done outside allowing the usual monthly bills was the report of the committee on finance and claims recommending the following levy for school purposes in the city for the coming year:

Teachers' salaries	\$23,500
Janitors' salaries	3,700
Supplies, Dom. Science and Manual Training	300
General supplies	500
Fuel	2,500
Books	500
Buildings and grounds	2,000
Incidentals	1,900
Insurance	500
Rents of phones, lights and meters	500
Total	\$34,500
Estimated receipts	6,500
Total levy	\$28,000

## GRANDON MAN ON CONTROL BOARD?

Close friends of the governor say the executive will choose between L. P. Crabtree of Grandon and W. E. Barber of LaCrosse for member of the board of control to succeed John E. Lewis of Friendship, whose term of office expires on the first Monday in April, 1915.

Among other terms of appointment that will expire in the next few months are: T. J. Cunningham, Chippewa Falls, member of civil service commission, term ends June 21, 1915; A. L. Osborne, Oshkosh, member of the fish commission, term ends April 1; Charles H. Crownhart, member of industrial commission, term ends June 30; Herman L. Ekern's term as insurance commissioner expires June 30; the terms of D. H. Vaughan, Rhinelander, and R. A. Goodrich, as lumber inspectors, expire in April.

## VARDEN SINGS AT IRONWOOD

The Varden singing society, numbering fourteen, visited Ironwood last Sunday where they rendered a program in the Scandinavian hall to an audience that filled every available seat. The concert was given under the auspices of the Swedish Lutheran church, which society is about to organize and erect a new church there. The program consisted of sacred numbers, patriotic war numbers and several of the national airs of the various nations, all of which were received with great enthusiasm by the large audience.

The concert was given in the afternoon and the society returned home on the night train, loud in their praise of the reception accorded them by the Ironwood people.

## BOAT COMPANY WILL ENLARGE

W. E. Cleveland of the Oneida Boat Co., has secured additional ground at his boat factory location in the sixth ward and as soon as the weather permits will commence the erection of an addition to his present plant. The new building will be 22x40 feet in size and will be used as a painting and finishing room for the boats manufactured during the spring and summer months, and during the winter for repainting automobile bodies. Mr. Cleveland anticipates a very prosperous business this season.

### REGISTRATION DAY

Next Tuesday, March 9 is registration day and the polling places in the various wards will be open from nine o'clock in the forenoon until sundown. Voters who have changed their residence or new residents in the city should see that their names are entered at the proper voting place. One week prior to election the board will hold another meeting.

## MAIL COURSE FOR HEALTH OFFICERS

A correspondence course for health officers is announced by the University of Wisconsin Extension division. This course has been prepared to meet the need and desire frequently expressed of better preparation for local health administration. It is designed for health officers not able to pursue or warranted in taking residence work, as well as for others desiring to take up the study of health administration.

But few communities are prepared to employ on full time thoroughly trained sanitarians, according to the bulletin announcing the courses. Yet there is not a single community, however, that does not need expert sanitary work in some direction. The topics treated in this course will cover laws and regulations, vital statistics and health surveys, transmission of disease, nuisances and administration of a health department. The administration part of the course will treat of inspection work, visiting, nursing, medical inspection of schools children, quarantining, isolation, and disinfection, use of laboratory, registration and other subjects.

## RUN LESS HOURS

Owing to the orders not coming in as fast as usual at this season of the year the plant of the Rhinelander Refrigerator Co. and also that of the Wisconsin Veneer Co., will be operated but four days a week until conditions improve. At the refrigerator factory the large warehouse is completely filled with finished cases crated ready for shipment. As the daily output of the concern is from sixty-five to one hundred cases daily it can be readily understood how rapidly a warehouse fills up when shipments fall off.

### PAINFUL ACCIDENT

Oscar Nelson, bookkeeper at the office of the Rhinelander Builders' Supply Co. office, is nursing a badly burned hand this week, the result of an explosion of a box of matches with which he was performing some stunts in jugglery a few days ago. The explosion scattered burning matches in many directions and in his attempts to extinguish the same his right hand was badly scorched. Oscar declares that he will hereafter leave such acts for the professional vaudeville artists to perform.

### FOR RIVER TRAFFIC

Sam Johnson is considering establishing a boat business on the river being the coming summer, making regular trips at stated times, each day of the week, and will handle both passenger and freight business, between this city and the Wabker bridge and perhaps beyond. With the improvements made on the river this spring that are now being planned it is expected that many more will look to that source for their outing trips than have done so in previous years.

### GOES OUT OF BUSINESS

The Joslin Hat Shop which was opened up about one year ago has discontinued business, the stock and fixtures being sold to Mrs. Nettie Hamilton, who conducts a millinery store on Davenport street. This makes the second millinery store to suspend business here, the other being that of Mrs. J. Kennedy, who moved to Imlay City, Mich., last week.

### INJURED UNLOADING LOGS

Anton Rosemark employed at the unloading dock at the Robbins mill was quite seriously injured Friday when he was struck by the end of one of the logs as it rolled off the car. Only by prompt action on his part did he escape being crushed beneath the logs. As it was he received a badly bruised shoulder which will lay him up for some time.

J. T. O'Day of the firm of O'Day & Daly, pioneer Wisconsin river loggers, was a Rhinelander visitor Monday.

## ON TRIAL FOR MORRELL MURDER

### Joseph Sosnowski Making Fight In Circuit Court—Many Witnesses In the Case

The regular spring term of circuit court opened here Monday afternoon, Judge A. H. Reid presiding. Applications for citizenship papers were heard from ten residents of the county and six of the number were granted, as follows:

Herman August Julius Uecker, Max Naughton, Bernhard Witt, Minocqua. Albert Snyder, Sugar Camp. August Jolitz, Rhinelander. Emil Gellene, Sr., Rhinelander. Simon Belanger, Rhinelander.

Criminal cases, number four, five and six were continued for the term, as was also jury cases number one, two and three. Case number ten for the court, Tracey Beyer vs. John Beyer, was settled, and number eleven was dismissed.

Following the disposition of the above business on the calendar the case of Joseph Sosnowski, charged with the murder of Frank Morrell, an aged woodsman whose lifeless body was found on the highway between Woodruff and Minocqua the first of last December was taken up. The prisoner is defended by J. J. Okoneski of the firm of Krueger, Rosenberry & Okoneski, Wausau. Considerable time was taken in getting a jury to hear the case and it was necessary to issue a special venire for twenty additional names before the full jury of twelve was accepted on the case. The following named were the chosen ones:

Frank Sutherland, Cassian. John Gooden, Woodboro. Clarence Neff, Schoepcke. H. Aldrick, Three Lakes. Wm. Morris, Gust Markstrom, H. D. Fletcher, W. E. Cleveland, Fred Calkins, Henry Stevens, Chauncey Vaughan and H. E. Keppler, Rhinelander.

The case was called Tuesday afternoon and will likely take up most of the week, as there are a number of witnesses to be heard. The circumstances of the murder of Morrell and the arrest of Joseph Sosnowski, a young Russian, who had been at Woodruff and Minocqua at the time of the murder, in Chicago a few days later, are familiar to most of our readers. Morrell was known to have money and it is believed that it was for this that he was killed. A large number of witnesses have been subpoenaed on the case and it will require several days before all can be heard and the fate of the accused given to the jury to decide.

## OPENS SHOE STORE

The Herbst Shoe Co. of Antigo, will open an exclusive shoe store in this city on Saturday, March 6th, in the Hilgerman building at the corner of Brown and Rives streets. A full and complete line of footwear of every description will be carried of the most reliable makes. The firm has been in Antigo for seven years and have built up an extensive business there and expect to do likewise in this city. This will be the only exclusive shoe house in Rhinelander.

### ST. AUGUSTINE'S CHURCH

Bishop Weller makes his official visitation next Sunday.

Saturday, Feb. 6, Evensong 4:30 p.m. The Bishop arrives Saturday afternoon and the Vicar has asked him to make the meditation at this service.

Sunday March 7, Holy communion 7:30 a.m. The Bishop will be celebrant and the class to be confirmed will make their First Communion.

At 11 a.m. the Bishop will administer the sacrament of Confirmation, the Vicar will be celebrant and the Bishop the preacher.

Evensong 4:30 p.m. Campbell Gray, Vicar.

The flexibility of the Company's policy forms in meeting the needs of Family, Business or Estate, the convenience with which they can be adapted to changing conditions, and the conservatism and care exercised in the investment of funds and selection of risks, have made the Northwestern popular with careful buyers of insurance. Nearly twelve thousand of its old members increased their insurance with the Company last year. Organized in the State of Wisconsin in 1857, the Northwestern has extended its Insurance Service throughout the more healthful parts of the United States until at the present time it ranks fourth in amount of assets and insurance in force, industrial companies excepted. The Northwestern is the largest purely American life insurance company. The above figures are worthy of your careful attention.

## EVENTS OF WEEK IN NEARBY TOWNS

**Wausau—**  
Jas. Callahan, employed as a back-tender in the Brokaw paper mill for a number of years, recently lost his position through over indulgence in strong drink. After several weeks of idleness he became despondent and on Thursday sent a bullet crashing through his brain. He was forty years of age and leaves a widow and three children.

**Merrill—**  
The first meeting of the Northern Wisconsin cheese makers was held here Thursday and Friday, February 25 and 26 and was attended by a bout twenty men from various northern counties of the state. Prof. Sammas of the University of Wisconsin was present and in an address told of the great benefits to be derived from organization and the need of a representative from this section at the state convention of those engaged in the manufacture of cheese.

**North Crandon—**  
Alvin Chaffin suffered a serious cut on his right knee Monday. He was riding on a hay rack, and a jerk of the sleigh caused him to fall, striking an axe that had been stuck into the rack, and cutting a deep gash in the knee. Surgical aid was immediately summoned, and Mr. Chaffin was taken to Crandon to be near the doctor and insure the proper care. As yet the doctors can

not be sure as to whether the knee will be stiff or not.

**Mellen—**  
The Mellen tannery will not discontinue operations as was first planned but will keep right on running. It was the intention of the officials of the concern to stop work as the hides on hand were tanned. An order from headquarters has reversed the previous decision and the tannery will continue as heretofore. The tannery is an important industry and its ceasing operations would mean the throwing of a large number of

men out of employment.  
**Park Falls—**  
The mystery of the robbing of Soo line freight cars between this place and the Arifield was cleared up with the arrest and subsequent confession of Ernest Walker at Fifield ten days ago. On the promise of a light sentence he "coughed up" to the officers the methods he used in robbing cars of goods to the amount of over \$500. He was sent to Wau-pun for nine months. He has a wife and one child.

## QUARANTINE IS LIFTED ON CATTLE

Hoof and mouth disease quarantine in Lincoln county has been modified by the federal bureau. Cattle destined for slaughter at points within the state and not under direct quarantine can now be shipped without certification. Hay, hides and other articles heretofore requiring fumigation are also released.

Soon after the appearance of the disease at the Chicago stock yard a small herd near Dudley in Lincoln county was found to be affected. The animals were promptly slaughtered and a rigid quarantine established to prevent a further spread of the disease. No new cases developed and it is believed that the disease has been thoroughly eradicated from this section.

## A RHINELANDER CITIZEN COMES TO THE FRONT

Tells His Friends And Neighbors Of His Experience  
Every Rhinelander resident should read what a neighbor says. His testimony can be relied upon. Here are his own words:

J. E. Russ, 821 Wabash St., Rhinelander, says: "Holding logs brought in a strain in my back that resulted in backache and pains through my joints. When I lay down and in the morning when I got up, my back was always lame and painful. My kidneys didn't act right and I had every reason to know that they were causing the suffering. A couple of boxes of Doan's Kidney Pills so completely removed the trouble, that I have had no sign of it until just lately. I then used Doan's Kidney Pills again with good results. I always keep a box on hand."

## M. O. CATALOGUES

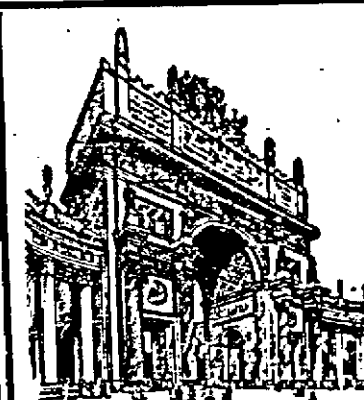

During the past week several hundred large catalogues of a well known Chicago mail order house have been distributed in this city. The books were first shipped to Ashland by freight, a 50,000 lot, to be remailed from there to addresses in the local and first and second parcels zones, thereby saving several cents on each mail shipment. This paper would urge its readers to stick by the home merchants rather than send their money to a Chicago concern.

When you want a bill of goods look it up in the catalogue. If you wish, take note of each item of expense you will be put to over first, such as postage, money order, express, etc., and then go to your regular home dealer and the chances are ten to one that he will duplicate it for the same or less money, quality considered, and there will be no tedious wait of two or three weeks for the goods either. Do not send your money away but keep it at home where it will continue to circulate for the good of the community.

## TO THE HOUSEWIFE

Madam, if your husband is like most men he expects you to look after the health of yourself and children. Coughs and colds are the most common of the minor ailments and are most likely to lead to serious diseases. A child is much more likely to contract diphtheria or scarlet fever when it has a cold. If you will inquire into the merits of the various remedies that are recommended for coughs and colds, you will find that Chamberlain's Cough Remedy stands high in the estimation of people who use it. It is prompt and effectual, pleasant and safe to take, which are qualities especially to be desired when a medicine is intended for children. For sale by All Dealers.

## MOTHER SUPERIOR ROSARY HILL HOME

Tells How Vinol Restores Strength and Vitality to the Weak, Worn-Out Ones in Her Charge.

Rosary Hill Home, Hawthorne, N.Y.—"I have been at work among the sick and poor for nearly eighteen years, and whenever I have used Vinol for run-down, weak or emaciated patients, they have been visibly benefited by it. One patient, a young woman, was so weak and ill she could hardly creep to my door for aid, and was leaning on a friend's arm. I supplied Vinol to her liberally and in a month when she returned to thank me I hardly recognized her. She was strong, her color charming and her cheeks rounded out. These words are uttered from my heart, in order that more people may know about Vinol, as there is nothing makes me happier in the world than to relieve the sick."  
Mother M. ALPHONSA LATHROP, O.S.D., Hawthorne, N.Y.  
Such disinterested and reliable testimony should convince everyone of the merits of Vinol, our delicious cod liver and iron tonic to build up health and strength for all weakened and nervous conditions, whether caused from overwork, worry or chronic coughs and colds. If Vinol fails to benefit we return your money.

## RAISE FUND TO SECURE ELK

The superintendent of Yellowstone National park, Col. L. M. Bret, has informed State Game Warden John A. Sholtis that he will prepare the shipment of forty elk donated to Wisconsin just as soon as funds arrive for catching the animals, hauling them to Gardiner, Mont., and shipping them over the Northern Pacific road. Howard Eaton, Wolff, Wyo., an expert elk catcher, has been engaged. No provision for payment of transportation charges on the animals from Wyoming was made by the state at the time of accepting the gift, so it is up to the interested people of Wisconsin to raise by private subscription the necessary \$500.00 for transporting the herd to the preserve prepared for them in Vilas county. Once there they will be under the care of the state game warden. Several Milwaukee residents have subscribed liberally to the fund.

## AGENT'S ERROR HELD BINDING

Milwaukee Judge Gives Decision in Case Involving Indian Timber

Is the United States government bound to abide by an act of one of its agents, even if the agent makes a mistake? Judge Gelger in federal court on Saturday held in the affirmative, when he dismissed a temporary injunction obtained by United States District Attorney Goff to restrain the Holt Lumber Co., Oconto, Wis., from cutting timber on the land of John Cook, a Pottawatomie Indian.

According to Attorney Goff, the Indian filed a petition with the clerk of the federal court at Wausau, Wis., to be permitted to use his grant of land for homestead purposes. By an act of congress, an Indian may build on the land, but can not dispose of any portion until twenty-five years have elapsed from the time of the grant. While the Indian virtually owns the land, it is held in trust for him by the government, which assumes the role of guardian until, as he wishes, satisfied that the brave is capable of looking after his own interests.

At the expiration of the twenty-five years, if he has satisfied the government that he is competent to

handle his own affairs, the Indian is given a title to the land, which becomes his property to dispose of as he wishes.

When Cook filed his petition the clerk at Wausau gave him a patent in fee, the clear title, instead of a patent in trust. The Indian shortly afterward sold for \$300, to a man named Albert Anderson, the rights to cut the timber on the property. Anderson, in turn, assigned his rights to the Holt Lumber company for \$600.

United States District Attorney Goff obtained a temporary injunction to restrain the lumber concern from disposing of the timber on the land. On motion of Attorney Larson, representing the lumber company, Judge Gelger dissolved the injunction, holding that the mistake of the clerk at Wausau must stand.

Mr. Goff will bring the matter into the court, when the facts in the case will be more fully discussed and arguments will be made to have the lumber concern permanently enjoined from cutting the timber.

Andrew Anderson, the town of Pelican trapper, brought to the city on Monday a fine specimen of a grey timber wolf which he found in one of his traps Sunday. This is the second wolf he has captured the present winter and will mean \$20.00 bounty money for him besides what the hide will bring. The first one he trapped in the town of Flehl but the one Sunday was caught no far from the cement dam near Malvern. The animal attracted considerable attention when exhibited about the streets Monday.

Harry Jenkinson, son of D. L. Jenkinson of Minocqua, who was accidentally shot some weeks ago and was a patient at the hospital here for some time, is improving steadily and will soon be able to be around again. He is now at the Minocqua hospital.

### THE WATER POWER BILL

"I regard the so-called Ackley water power bill as the most nefarious measure ever proposed in the state of Wisconsin. I have no words to express my opinion of the proposed measure. The water power men go farther in that bill than they ever went before. They never before asked for what they ask in this bill. We want the best advice. The state faces a crisis in water power legislation. We should encourage every movement to get expert advice."

Referred to Committee

This was the arraignment of Senator William M. Bray, Oshkosh, of the proposed water power legislation in the senate yesterday and Mr. Bray is an old line republican at that.

### MAY USE HIS VETO

Gov. Philipp has announced he will veto the bill increasing railroad passenger rates to 2 1/2 cents a mile should it pass the legislature. He doubts that it will be passed.

It is said the railroads may give up the fight to pass the bill because of the governor's views. Assemblyman Everett, who introduced the measure declares he has no intention of withdrawing it although he has heard the railroads intended to give up.

It is said the decision of the interstate commerce commission in recommending its recommendation for a rate advance on western roads, has a big effect upon the supporters of the Wisconsin bill.

Henry Killilea, legislative counsel of the Milwaukee road, does not believe the bill will be withdrawn, and is of the opinion the railroads will keep up the fight to have it passed.

### "SHOULD PAY HIGHER SALARY"

In the assembly yesterday, the Smith joint resolution, 18a, to amend the constitution to increase the pay of legislators from \$500 for the biennium to \$750 per year \$1,500 for the triennium, was refused adoption after considerable discussion.

Mr. Smith spoke for the resolution. He said the present compensation was not enough to support a member during the session. He pointed to Illinois that pays its members \$2,000 per year and to other states that allowed much higher compensation than Wisconsin.

### Margin One Vote

Messrs. Harrington, Bradley and Van Gordon spoke against the bill. Mr. Van Gordon would favor a reasonable per diem, but was opposed to \$1,500 for a term.

On roll call the resolution was defeated by a vote of 40 to 29.

We stand squarely for a sufficient compensation for legislators so that they will receive liberal expense account and pay for their time. The present low salary forces many poor men away altogether or away after the first term when their services should be more valuable. Why should legislators not receive proper compensation? The present legislative compensation is most unjust.

### GOVERNOR BRUMBAUGH

Those of us who have long known Martin G. Brumbaugh and especially those who saw him in the recent campaign are not in the least surprised at this tribute from the Philadelphia Bulletin:

"It has not been often in the entire history of the state that there has been a governor who has had so little political experience as Governor Brumbaugh. He is not a politician; he has never held what is ordinarily called a political office, and at the age of fifty-three he is clearing politics for the first time at close range. There are plenty of men on Capitol Hill among the juniors and posters and folders who can tell him in half an hour far more about the personnel of party leaders and the relations of factions in the thirty-seven counties of Pennsylvania than he has had occasion to find out in the course of a life-

time. But he behaves like a man who feels that he can take care of the gubernatorial office or who has entire confidence in his ability to pick up speedily all that he thinks that he ought to know. The manner in which he bore himself in the campaign last year furnishes much presumptive evidence that he can be as discreet, at any rate, as the trained politicians. He made scarcely any mistakes, certainly no serious ones; he knew perfectly well when and how to keep a still tongue in his head on occasions when silence or reticence was in order, and he gave little trouble to the campaign managers who were afraid that he might make a foolish or disastrous break by reason of his inexperience as a campaigner. At the same time he succeeded in pleasing most of the people for whom campaign speeches are intended. The Republicans who had expected, and the Democrats who had hoped, that he might fall into some of the follies of a political greenhorn, were not only surprised to see him come out of the ordeal in good form but they had to acknowledge that he was shrewder than they had supposed that he would be."

The same handsome tribute can be paid Governor Ferris of Michigan, Governor Willis of Ohio, and Governor Withcombe of Oregon. They are a quartette of noble governors and they were all schoolmasters when elected as governors.—New England Journal.

## GOVERNOR TO OPEN U. W. EXPOSITION

Governor Emmanuel Philipp has definitely promised to make the opening speech on "First Night" at the great University of Wisconsin Exposition in the gymnasium and armory on March 19 and 20. This will be his first official appearance at the university.

I shall be glad to make an opening speech at the University of Wisconsin Exposition on March 19 said Governor Philipp. "I believe that an affair like the Exposition is a most excellent thing," he continued. "It will certainly show just what the University of Wisconsin is if carried out on the scale that is indicated by the plans. It seems to me that the Exposition will have great value to the university and to the state. I shall take much pleasure in helping the students and in meeting them at that time."

The opening of the Exposition will be a most impressive ceremony. A platform for the governor will be placed in the balcony overlooking the huge floor of the armory. From here he will address the crowd which will fill the large building.

The ceiling and walls are to be completely concealed with white draperies, among which will sparkle gleaming chandeliers. Far below this high arch will rest artistic booths of white and green. In these booths, covering some 30,000 square feet, will be collected exhibits of work from every department of the University of Wisconsin.

The Panama-Pacific exposition section of the two Regimental bands will be present to add the governor in giving the big show a great send-off. Both the men's and women's glee clubs have promised to sing several selections. It is possible that several other prominent Wisconsin men will be asked to speak on the opening night if they are in Madison at that time.

### HOTEL LICENSES

The license for operating hotels and lodging houses expired on March 1st. Prompt renewals were made of most places in this city, but a few are undecided as to whether to renew or not.

Every hotel or lodging house with six rooms or more must take out a license. The annual fee is \$150.

## MINOCQUA GRADE TEAM WINS HERE

Last Saturday the Minocqua grade basketball team accompanied by Prin. Hoffman and a few rooters invaded Rhinelander to play the team representing the Central School. They were met at the station by a large number of pupils from the public schools. After an exchange of yells, the visitors were taken to their own.

In the afternoon the team had a short but spirited practice in the high school gymnasium. The visitors were very elated over this because it showed that the Minocqua lads are also at home on a larger floor than their own.

The game in the evening was a great contest from every standpoint. The large crowd that attended was treated with some good play every minute. Minocqua started the game in quick succession. The plays used by the visiting team proved to be very effective. In the first three plays the home team did not touch the ball. Then the struggle became more close. The home team cheered on by a large crowd played with a grim determination. The first half ended with the score 18-8 in favor of Minocqua.

In the second half the home team was outplayed from start to the finish. In this half the visitors played an offensive game. It is then that their guard plays swept the floor. The game ended with the score 42-16 in favor of Minocqua. Much praise is due to the Minocqua boys for the good game they played in their first game on a strange floor.

The visitors left for home on the early train Sunday morning. This week they are earnestly engaged in preparing for the Tomahawk game to be played on Saturday evening. Coach Heller will bring his team to Minocqua for the game. Upon leaving Rhinelander, the team expressed their thanks to the people and school for the royal entertainment received while they were here.

### STRUCK BY TRAIN

A woodsman, Anderson by name, was struck by a Soo train just before noon today while walking on the track about two miles west of town. He had stepped to one side to allow the train to pass but evidently miscalculated the distance and was caught by some projection on the locomotive. He was thrown several feet, sustaining a badly bruised hip and shoulder. He falls from Escanaba, Mich. The injured man was brought to the city and will be cared for at the hospital until able to go home.

## MUNICIPAL JUDGE

To the voters of Oneida County:— I announce that I am a candidate for the office of Municipal Judge.

In the four years which have passed since I was a candidate for this office against Judge Walker I have endeavored to conduct my law practice in such a manner when the time came for the next election your votes would place me in the office for which I then strove.

I WILL APPRECIATE YOUR VOTES

## Catarrah of the Head

"Peruna Cured me In Six Weeks."

5,000,000 People In This Country Have Catarrah.

Mr. Tom F. Dady, No. 3 Manhattan St., Rochester, N. Y., writes: "I was troubled with catarrah of the head for many years before I paid much attention to it, but a few months ago I was so annoyed by headaches and difficulty in breathing through my nose, and my eyes smarted and looked so inflamed that I felt I must do something to relieve this state of affairs."

"I noticed one of your ads. in the paper, and then and there, decided to try Peruna. I am pleased to say that it came up to all my expectations, for in six weeks it had driven the catarrah out of my system and I have not been troubled since."

Mrs. A. J. Trieman, 1122 Wyoming St., San Antonio, Texas, writes: "I suffered over nine years with catarrah of the head, nose and ears. Five bottles of Peruna have restored me my health."

## P. O. DEPARTMENT SHOWS INCREASE

The postal revenue for the fiscal year ended June 3, 1914.

The second actual postal surplus under the present administration amounts to approximately \$3,600,000 have showed a substantial surplus for the two successive fiscal years.

It can be fairly claimed that for the first time since Benjamin Franklin organized the postal service under the continental congress, the postal department has been securely placed upon a self-sustaining basis and it is safe to say that unless unusual conditions should arise resulting in abnormal depression of business, there is no danger of recurring deficiencies in the postal service.

The rapid growth of parcel post has vastly increased the postal business during the past year, notwithstanding the decrease of parcel post rates authorized January first of 1914.

The postal revenue for the year ended June 3, 1914, amount to \$297,934,565.67, an increase over the preceding year slightly less than 8 per cent.

The last actual postal surplus prior to 1913 was announced by postmaster General Gresham in 1893, when it went to show that the revenue exceeded the expenses by approximately \$1,000,000. In the following year the rate of letter mail was reduced from 3 to 2 cents, and the accumulated profits of the previous year were immediately absorbed.

American citizens should not forget that they can send goods C. O. D. by parcel post and also have it insured much cheaper than any other way.

### PRAISE FOR GOLDSTRAND

The Madison Democrat of Tuesday gives a writeup of Sergeant Irvine of the assembly and his corps of twenty assistants. The following taken therefrom will be of interest to our readers:

"Olaf Goldstrand of Rhinelander is assistant sergeant-at-arms and the hub around which the wheel of work ers revolves. Reporting to 'Olaf' in the morning, the force receive their instructions for the day and under his watchful eyes, the work is divided in order to expedite business, so the reader must know that the calendars, bills, journals and resolutions must be on the desks for the members to look over before the session starts. Mr. Goldstrand is also held in high regard by all his understudies and the members."

### BOUND FOR BARRON COUNTY

Gus, Lehman and Albert Marks, together with their families of Green Lake county, spent yesterday in Rhinelander awaiting transfer from the Northwestern to the Soo road. They were enroute to Barron county where each had purchased farms of 200 acres each. Six large freight cars were filled with live stock and household goods of the two families and while laying over here the cattle were unloaded and allowed to take a little exercise in the freight yards.

The party left Green Lake county Sunday night and expected to reach their destination Friday morning.

## Three Lakes News and This and That

Jury men Federer, Epler and Kordillus departed for Rhinelander Monday to attend this session of circuit court.

Mr. and Mrs. J. Louk departed for St. Paul their future home.

M. Thompson, C. Kuney, and Miss J. Parrette are attending court at Rhinelander in the interest of the drainage proposition.

Miss Sophie Gorski of Chicago will make an extended visit at the home of her brother, Henry Gorski. Mrs. Noytack, sister of Joe Olkowski, a former resident of Three Lakes is very ill resulting from a severe stroke of paralysis.

It is rumored that G. Emory, an old Three Lakes resident, has again entered the state of matrimony. George's old friends extend their congratulations and wish him much happiness.

As soon as the weather permits Kordillus and Sons expect to move their cottages to the lake front. The previous year's work has certainly been an improvement to the place.

"Fins" to the fish stories, also the fish season.

Dea Pomas went to Crandon Saturday.

The Northwestern railroad company has a crew of men, camped near White Fish lake, for the purpose of estimating timber.

We wish to correct a mistake made in last week's news in regard to the prices of the prize winning seed po-

tatoes sold by F. S. Campbell. potatoes are being sold from five cents to four dollars instead of eighty-five cents to one dollar quoted in last week's news.

Mr. Babcock of the Wisconsin Valley Improvement Co., was in town last week surveying land in our vicinity.

Art Kuney is conducting the business of the bank during the absence of C. G. Kuney.

J. Donnelly left for Superior Monday on the south bound train.

J. B. Grandy received another carload of flour and feed last week.

Miss Stena Johnston entertained the "Gens de meme Famille," Friday afternoon from four to seven. An interesting feature of the afternoon's program was a prophecy written by Miss Edna Kaaday, in which she foresaw strange futures for some of the members. A delightful dinner was served. After listening to several reports, and transacting various matters of business the club adjourned to meet in two weeks at the home of Miss Emma Kordillus.

Mrs. Wm. Dunn and Mrs. G. H. White are guests at the home of Mrs. J. C. Small.

Last week Fred Munch had the misfortune of hurting his foot while working in the woods.

Kostech Danoski is home from the Antigo hospital where he has been confined for some time because of a broken leg. He is now able to get around on crutches.

Dr. Thorpe was in town Saturday on business.

Mrs. Joe Olkowski is visiting her sister at Krakon, Wis.

J. I. Frusher and W. J. Webster, agents of the North Western Mutual and the Central Life Insurance com-

pany, respectively, were in town a week on business.

I. Fournier departed for Chicago Monday.

The members of the "Gens de meme Famille" enjoyed a sleigh ride party to Eagle River Sunday. Dinner was served to the party at the Austin Hotel.

Jim Kennedy went to Butternut to help Fournier put up ice.

We are glad to know that Mrs. G. Locy has returned from the hospital and is on the road to recovery.

The "Damon Negro Show" will give a night's performance to the populace Wednesday evening.

The Woodmen are still contemplating building a new hall. Who says there is no joy in anticipation?

We are all grieved to hear of the death of the infant child of the Kline family. The body was taken to Rhinelander for burial.

The Mrs. Emily Cram and daughter Mary, are about to open a new meat market in the Cegilski building.

Chas. French, proprietor of the Batavia summer resort has resigned his position. Ed. Stanzel has the contract for the coming season.

### TRIPOLI

Miss Minnie Peterson returned from Merrill where she visited her parents.

Miss Iva Baxter was the guest of Miss Auda Boorum a few days last week.

Ruby, the little sixteen month old daughter of Mr. and Mrs. Grant Persinger is very ill at their home southwest of town, threatened with pneumonia.

Mrs. Leslie MacLennan returned from Tomahawk where she has been for some days with their baby boy Donald, who has been sick with pneumonia.

Mrs. Ruby took her baby Laurel, to Rhinelander to an eye specialist Friday. The Dr. gave her some hope of the child regaining its eye sight.

Three of the Bushor children are very ill at their home.

Baby Mott who was very ill last week is well again.

H. M. Hilton was home between trains last week Saturday.

Mr. Hoppy is nursing a badly burned face owing to the carelessness of one of the boys who was shaving him by using carbolic acid in the place of bay rum to bath his face. His face is in a bad condition.

Mr. Lowell, Supt. of Oneida Co. schools visited our school Friday; he was pleased with the progress the school is making.

Mrs. Wendt who has been visiting relatives at Crandon has returned home.

Master Murel Mott went to Gagen Monday to work for H. M. Hilton who is logging at his homestead near there.

Mrs. Essie Stolle returned to Wausau last week where she will resume treatment for her eyes.

Harry Parsons and wife returned from Minnesota last week where they have been spending the winter.

Aug. Meyers was absent from the store a few days last week on account of the prevailing disease La-grippe.

O yes, I believe I promised to tell more about the wolf and the vinegar jug. As one of the Carpenter boys was coming home from Spirit Falls recently accompanied by his collie dog, they saw a wolf sitting in the road; the dog seized the wolf by the nose and the boy came up with the jug and pounded the wolf to death. He brought the wolf to town and received the bounty. Some gift for a kid, eh?

### CASSIAN

Miss Daisy Felch came Saturday and took her nephews Edward and James Felch home with her to Amherst, for a visit.

Mr. and Mrs. O. Miller were guests of Mr. and Mrs. Ira Smith Sunday.

Miss Minerva Trotter visited Miss Hattie Zimmer at M. O. Peterson's Sunday afternoon.

Fred Crandall came down from Boulder Jet, Friday and has gone to work for Ossman Bros.

Clay Camp returned from Berg Bros' camp where he had been employed during the winter.

The flexibility of the Company's policy forms in meeting the needs of Family, Business or Estate, the convenience with which they can be adapted to changing conditions, and the conservatism and care exercised in the investment of funds and selection of risks, have made the Northwestern popular with careful buyers of insurance. Nearly twelve thousand of its old members increased their insurance with the Company last year. Organized in the State of Wisconsin in 1857, the Northwestern has extended its Insurance Service throughout the more healthful parts of the United States until at the present time it ranks fourth in amount of assets and insurance in force, industrial companies excepted. The Northwestern is the largest purely American life insurance company. The above figures are worthy of your careful attention.

## "Out of Many—One"

WE are waking up to the danger of eating too much meat. We are getting a common sense view of food in its relation to health and efficiency. We are realizing that a rightly balanced diet is as valuable in developing prize-winning men as in producing blue-ribbon animals.

Here, under the famous Dr. Price name and all it stands for in the food world, is a perfectly balanced cereal food that Dr. Price himself perfected,—a food that is the result of his lifetime of experience, study and research in pure foods,—his last word in cereals.

### The One Perfectly Balanced Food

—a blend of the best parts of staple grains,—wheat, oats, corn, rice, etc.,—a food that furnishes the elements for repairing and building tissue, for physical or mental energy,—a food that gives "staying power" to hand-workers and head-workers.

It does this because it is a real substitute for meat at one-twentieth the cost; containing all meat elements in a more digestible form.

A practical answer to the high cost of living.

A "creamy," meaty, substantial food,—with a more pleasing flavor than any other cereal. Truly, "the food you never tire of."

Try it for breakfast tomorrow. You'll find it a delightful change from any breakfast food you have ever tried.

#### AROUND THE CIRCLE

G. M. Sutton and Tom Sharran have just completed filling a couple cars of potatoes for Geo. Clark at Woodboro to be shipped to the southern market.

Miss Gerda Turn, who teaches the "Sunset School", visited at the home of her parents over Sunday a few miles north of the city.

E. Erickson, who underwent an operation last week, is improving very slowly at the hospital.

Ed. Crenan is now assisting the Schwabeger brothers at Monico, the balance of the winter in their logging operations.

Going to the illness of the teacher, Miss Anna Schroeder, the Logging Knowledge Factory abandoned the greater portion of last week but is now putting in full time.

O. Engstrom has received a consignment of new farm machinery for the Dr. Moore farm and will be ready as soon as spring opens up.

Mrs. Grace Jacobson, nee Kullenberg, visited over Sunday with her parents, Mr. and Mrs. L. Kullenberg in the town of Crescent.

Mrs. E. Gilmore was a city caller the latter part of the week.

Hon. B. N. Moran came up from Madison, last week Friday and spent Sunday with his family.

Self-Deception.

Another pathetic little feature of everyday life is the way every bullet-headed old cuss in the audience will prick up his ears and look keenly interested when the candidate announces that he now wishes to address a few remarks to thinking men.—Columbus (Ohio) Journal.

"Votes for Women" Popular in the Legislatures. Four States to vote in 1915.

Woman suffrage is having its triumphs in every section of the country. By a most satisfactory majority the legislatures of the states of West Virginia, New York, Massachusetts and New Jersey have submitted the woman suffrage question to the voter at the next general election. A similar action has been taken by the legislature of Arkansas, but owing to a provision that only three constitutional measures can be submitted in one year, it cannot go to the voters. One house of the Pennsylvania, Iowa, North Dakota and Vermont legislatures has acted favorably upon a woman suffrage measure, and in the first three of these states this is the second legislature to vote for submission, which makes it probable that the citizens of these states will have an opportunity to pass upon the question this fall. Both houses of the Tennessee legislature have adopted a resolution for submission, which, however, must be acted upon by a second session before submission.

Review of Prohibition Victories of Past Six Months.

September—

Virginia voted for statewide prohibition by a 22,500 majority on September 22.

October—

Emperor Nicholas of Russia declared his intention of prohibiting forever the sale of alcoholic drinks in Russia.

November—

National prohibition of alcoholic liquors declared in Russia.

Oregon voted for statewide prohibition at the general election by a majority of 35,480.

Washington voted for statewide prohibition by 18,632 majority.

Colorado voted for statewide prohibition by 11,572 majority.

Arizona voted for statewide prohibition by 3,144 majority.

Nevada and Montana adopted amendments to the state constitution providing for equal suffrage.

December—

On December 22, the United States House of Representatives gave a majority vote in favor of the Sheppard-Hobson Amendment to the United States Constitution.

January—

Arizona's prohibition law went into effect January 1. It closed all saloons, breweries and distilleries in the state.

January 6. The French Cabinet approved the submission to Parliament of a measure making permanent the prohibition of the sale of absinthe and other similar liquors.

January 14 both houses of the Alabama legislature passed a statewide prohibition bill over the governor's veto.

On the first of January, 1915, the prohibition law of Iceland forbidding the sale, manufacture and importation of intoxicating liquors went into effect.

The Idaho legislature passed a resolution to submit to a vote of the people the question of statewide prohibition, at the general election in 1916.

February—

A measure repealing the mullet law passed both houses of the Iowa legislature. This will automatically make Iowa dry, by restoring statutory prohibition.

A statewide prohibition measure was passed by the lower house of the Arkansas legislature on Feb. 1, by a vote of 72 to 22. On Feb. 5 the senate passed it by a vote of 23 to 2. The law will go into effect January 1, 1916.

The South Carolina legislature adopted a resolution to submit to a vote of the people the question of statewide prohibition, on September 14, 1915.

#### MONICO

#### BILL KILLED

The bill introduced to detach certain territory from the town of Flambeau in Vilas county and attach same to the town of Arbor Vitae has been killed. The bill was introduced by Assemblyman Everett of Eagle River.

THE GOOD JUDGE GETS A REASON THAT HE KNOWS IS GOOD

TEMPER, whether good or bad, depends a heap on a man's getting the tobacco satisfaction he has a right to.

Man after man will tell you that "Right-Cut," the Real Tobacco Chew, gives a comfort and contentment he never had before. He insists on it for himself and he recommends it to his friends.

A little chew of pure, rich, mellow tobacco—cut fine, short shred—seasoned and sweetened just enough, cuts out so much of the grinding and spitting.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is the Real Tobacco Chew. That's why it costs less in the end.

It's a ready chew, cut fine and short shred so that you won't have to grind on it with your teeth. Grinding on ordinary coarsened tobacco makes you spit too much. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

One small chew takes the place of two big chews of the old kind.

Health Tablets

Preventable diseases cause a loss of at least \$50,000,000 each year in Wisconsin.

In the 16th century the average length of life was 21 years; in the 17th century, 26 years; in the 18th century, 34 years; in the 19th century, 39 years. Were present knowledge utilized, the average length of human life in this country could be increased to 60 years for the 20th century.

Wisconsin has the second lowest state or national death rate in the world. That is something to crow over, but no excuse for letting up in our efforts to be much more healthy than we are.

"There is more need for art kitchens than there is for art galleries."

"War is hell"; consumption is worse, or was before the European war. The four years of our great civil war killed 205,000; consumption kills 800,000 each four years in the United States alone.

Unclean milk, coffee, tea, beer, hot breads, fried food, pickles, cake, candy and soothing syrups are baby killers.

Russia has the highest birth rate of any civilized nation. The infant death rate is likewise the highest. It isn't the babies born, but the babies saved, that count.

Each year in Wisconsin 3,500 infant deaths could be prevented by breast feeding, pure milk and intelligent care.

"Smallpox is a disgrace; save your reputation and your face by vaccination."

Antitoxin has reduced the likelihood of death from diphtheria by over one-half. In addition to its use in curing the disease a small dose of antitoxin furnishes a certain preventive against contracting the disease.

Military experts state that it takes \$40,000 to kill a man in battle. That is altogether too much money to spend for such a purpose. Preventable diseases and preventable accidents accomplish the task much more economically. Personally, I should much rather see this amount spent on the saving of human life, particularly when a wise expenditure of \$40,000 would save several hundred lives.

## O. E. WOOD SELLS

Owing to ill health O. E. Wood of the Stevens Point Business College, has been forced to abandon that line of work for a time at least and he has sold to E. K. Nelson, late of the Dixon, Ill., Business College, who for several months has been associated with his corps of teachers. Mr. Wood opened the Rhinelander Business College which was conducted for some time and sold to take up the work in Stevens Point where he has met with much success. That he has been confined to his home nearly all winter by illness will be news that will be received with genuine regret by his innumerable friends here, and it is to be hoped that complete rest from the cares and responsibilities of school work may restore him to his former health.

### FOR THE STOMACH AND LIVER

I. N. Stuart, West Webster, N. Y., writes: "I have used Chamberlain's Tablets for disorders of the stomach and liver off and on for the past five years, and it affords me pleasure to state that I have found them to be just as represented. They are mild in their action and the results have been satisfactory. I value them highly." For sale by All Dealers.

### LOST AND FOUND

Did you know that if you find an article of value on a public highway you are obliged by law to advertise it? Here is the law covering the situation:

"Section 1615—Every finder of lost goods of the value of \$10 or more, shall, within fifteen days after finding the same, cause notice thereof to be published in a newspaper printed in the county, if there be one published therein. Section 1618—If any finder of lost money or goods of the value of \$3 or upwards shall neglect to give notice of the same and otherwise to comply with the provisions of this chapter, he shall be liable for the full value of the money or goods one-half to the use of the town and the other half to the person who shall sue for the same, and shall also be responsible to the owner for such lost money or goods."

WILL BUILD TO APPLETON Inside of ninety days, the public will know just when the Wisconsin & Northern railroad will be extended to Appleton. This is the statement made by John Jacquot at a meeting held in Appleton. The question was up for decision as to what kind of material was to be used in paying least and he has sold to E. K. Nelson, late of the Dixon, Ill., Business College, who for several months has been associated with his corps of teachers. Mr. Wood opened the Rhinelander Business College which was conducted for some time and sold to take up the work in Stevens Point where he has met with much success. That he has been confined to his home nearly all winter by illness will be news that will be received with genuine regret by his innumerable friends here, and it is to be hoped that complete rest from the cares and responsibilities of school work may restore him to his former health.

### A Kidney Remedy Advertisement Brought Great Happiness

I take pleasure in stating that I have used Dr. Kilmer's Swamp-Root, that I was greatly benefited by the same and have used it in my family. I had a son, when quite young he suffered from bladder or kidney affliction. I called in my physician, he attended him but did him no good. Almost by accident I noticed an advertisement about the curative properties of Dr. Kilmer's Swamp-Root. I procured a bottle and gave it to him according to directions. It cured him of what we thought was almost impossible and the same with others of my family. I have such strong faith in Swamp-Root that I have never done without it in my family since the wonderful cure of my son as well as myself. I recommend it to all who suffer from kidney or bladder troubles and I am led to believe that it is one of the best medicines for the purpose for which it is used, that has ever been discovered.

This is my experience from the use of Swamp-Root. Wishing the promoters of this wonderful medicine a large sale to the suffering public, I am,

Yours respectfully,

W. H. McAFEE, Atlanta, Ga.

## Right of Way for STANDARD

When STANDARD comes along all other brands give way — for STANDARD is real tobacco for real men.

This pure Kentucky tobacco is the great favorite with men of vigor. It is full-bodied and satisfying. It gets its pleasant richness from the natural aging we give it for three to five years.

And that is what keeps its quality up, always the same, no matter what the year's crop may be.

## STANDARD Long Cut Tobacco

has given prime pleasure to manly men for over half a century. A STANDARD man never switches to another brand; he knows he's just losing time and pleasure on a needless experiment. Many brands come and go into the discard—but old STANDARD is still in the lead.

There's a snappy taste to STANDARD that policemen and other big fellows like. It's got that man-size quality about it; not one of those insipid, next-to-nothing tobaccos—but the big king-brand for the he-men on the force.

A week's trial will make you a permanent user of STANDARD—go to it today. Sold everywhere in 5c packages.

Other sizes, 10c, 15c, 30c and 35c Packages.
